COURT DENIES NEW TRIAL FOR K. E. WETZEL

The Adams County court has denied a new trial for Kenneth E. Wetzel of Seven Stars and Florida on a charge of resisting arrest.

Whether Wetzel was guilty of resisting arrest when Constable Oliver Sanders sought to take him into custody at the Tract Inn depended on the hour the event occurred, according to the court opinion denying the new trial.

If the arrest was made before midnight of a Saturday, then Wetzel was guilty of resisting arrest. If the attempted arrest occurred after midnight then Wetzel could not be legally arrested.

DISPUTE OVER TIME

Constable Sanders testified he saw Wetzel at the Tract Inn at 11:50 p.m. Daylight Time, 10:50 Standard Time. He told the bartender to send Wetzel out to him and at 11:55 p.m. DST, read the warrant to get him. According to the constable Wetzel then asked permission to get his belongings from the taproom and asked permission to drive his own car to the office of the justice of the peace. Shortly after midnight, Daylight Saving Time, Wetzel came out of the taproom and then refused to go with the officer, contending it was then Sunday morning and that he could not be arrested. After some argument, the constable went to the office of Justice of the Peace Clarence Fritz, McKnightstown, arriving there about 12:45 a.m. DST, still before the legal midnight Eastern Standard Time.

Testimony by Wetzel and his witnesses was that it was about 12:05 a.m. Eastern Standard Time when the constable came to the taproom and attempted to make the arrest; that the clock in the taproom was kept on Standard Time and that they called the telephone operator to verify the time. Justice Fritz said he was certain of the time because he was scheduled to pick up his wife, who worked in Gettysburg, at 1 o'clock (DST). He said he was about ready to leave for Gettysburg when the constable arrived.

BIGGEST SNOW BEING MOVED

By noon today state Highway Department snow plows expected to have their snow removal job completed after the first big snow of the winter. Borough workmen continued their snow loading task in the center of town.

All of the snow removal equipment here was at work up to midnight Monday and plows and cinderling crews went back to work at 6 o'clock this morning. By late morning only some widening of already plowed roads remained to be done. Unless drifting occurs or there is a new snowfall, snow plows will not work tonight and Christmas Day. The Gettysburg Times weather station recorded 8½ inches of snow Monday bringing the month's total to 12½ inches. The snowfall brought moderating temperatures and the first above-freezing readings in more than 10 days were expected today.

MAN WHO FLED FROM SHERIFF IN MAY JAILED

Robert Ray Wallen, 24, New Oxford R. 2, Monday evening pleaded innocent to charges of escaping from an officer, obstructing an officer in the execution of a legal process and conspiracy to escape.

The alleged escape took place May 9. At the hearing at the jail here Monday night before Justice of the Peace John Whitman, Sheriff Dawson Miller and Deputy Sheriff J. Clair Sanders gave this information: The Adams County court had handed down a bench warrant calling for the arrest of Wallen for failure to keep current payments in connection with a paternity charge.

FACES MARYLAND CHARGE

On May 9 Deputy Sheriff Sanders learned that Wallen was at his home and accompanied by Sheriff Miller went to the home of Wallen's father, Cecil Wallen. Sheriff Miller searched the house and found Wallen hiding in a stairway to the attic. Wallen fled and eventually outpaced both the sheriff and the deputy.

Later Wallen was arrested in York County on suspicion of robbery and while he was being held there on the charge which later was dropped, the local sheriff's office was notified and Wallen was picked up by Sheriff Miller last Thursday at York and brought here, on the charges placed against him by the local sheriff.

Wallen was remanded to jail in default of bail by the justice following the hearing.

Thousands Of Pilgrims Flock To Holy Land To Celebrate Anniversary Of The Birth Of Christ

By DAVID LANCASHIRE Associated Press Writer BETHLEHEM (AP)—Crowded just as it was the day Christ was born, Bethlehem prepared to celebrate Christmas with a majestic procession to the oldest church in Christendom and a modest ceremony beneath the stars.

Thousands of pilgrims from around the world flocked to the Holy Land.

Two hundred Jordanian police were assigned to special duty with army desert troops in Manger Square outside Bethlehem's Church of the Nativity. As many as 10,000 worshippers were expected to gather there for Christmas Eve rites.

WAFTE CAROL MUSIC

Loudspeakers Monday night wafted carol music across the stone-paved square lit by garish neon lights, an electric sign reading "Welcome to Bethlehem" and the bright bulbs of the municipal Christmas tree, a misshapen umbrella pine festooned with Japanese lanterns, balls of tinfoil and a dazzling green and red star.

Souvenir sellers besieged each pilgrim with offers of postcards, rosaries or Crusader crosses. Ceremonies in the square promised to be a preview for the visit of Pope Paul VI to Bethlehem on the day of Epiphany, Jan. 6.

EXPECT 30,000

The town's mayor, Elias Banded said he expected 30,000 Christians to jam Bethlehem for the Pope's arrival.

The road from Jerusalem winds 13 miles through silvery groves of olive trees, terraced fields and barren brown hills. About 6,000 tourists are crowded into Jerusalem's hotels, monasteries and private homes. Another 3,061 were to swell the crowd today when Christian Arabs from Israel cross the barbed wire frontiers of the armistice line that splits the Holy Land between Jordan and Israel.

Surviving in addition to Mrs. Johnston is another daughter, Mrs. Harold B. Harrison, State College. There are six grandchildren.

OPEN BORDER ONCE

The border opens only once a year for Israel's Christians, who are given 48 hours each Christmas to visit relatives and work.

The Christmas message, telling of values men have aspired to for nearly 20 centuries, touches the lives of each of us particularly as the anniversary of Jesus' birth approaches.

In truth, more than ever before we need to turn to prayer that we may strengthen, both in ourselves and in our leaders, those qualities of mind and spirit that heartened the God-fearing men whose steadfast beliefs guided the emergence of our great nation.

Surely now is the time for each American to rededicate himself to seek that faith and courage that permeated them, so that good will and understanding between peoples of the world may bring about the peace all long for.

525 Youngsters At Moose Party

Despite heavy snow, 525 youngsters visited the Moose home Monday afternoon for the annual Christmas party held by the lodge at its home on York St. for the children of its members.

James Rosenberry entertained the children. Movies were shown by Prelate Robert Miller. Then toys were distributed by Santa, aided by the members of the Women of the Moose, to all of the youngsters.

The toys ranged from dolls to cameras, from pen and pencil sets to toy cars, etc. Within age groups the youngsters were allowed to select what they wanted from the toys offered.

A few youngsters who decided they liked something else better than their original selection were allowed to return and exchange their gifts. Secretary George Naugle reported one of the smallest youngsters present exchanged his five times before his parents arrived to take him home.

Girls Will Share Delight Of Xmas Toys With Boys In Simpson's Santa Project

Santa Claus has some real competition in Gettysburg this year because Ernie Simpson no longer can resist little girls.

Christmas is a year-round business for Simpson, who is determined that needy children will have bicycles, tricycles, scooters and dolls.

By noon Christmas Day 150 children in Adams County will have a new toy. Many will be tagged for an individual child and others will be delivered to the "toy pool" of the home or charity on the gift list. More than two dozen of the pieces are brand new, purchased by Simpson to fill the list of requests he received from the four charities he services, Paradise School for Boys, Hoffman Home, the Adams County Welfare Association and Catholic Charities.

In previous years Simpson concentrated on large toys, such as bikes, scooters and express wagons but this year he was unable

Elks Entertain At Kiddies' Party

Over 150 children attended the annual Kiddies' Christmas party held Monday evening by the Gettysburg lodge of Elks.

Due to the big snowstorm the special entertainment was forced to be cancelled. Instead Mrs. Robert Fox played the piano as accompanist for group singing of Christmas carols by the children.

Santa Claus presented candy and oranges to the youngsters.

Present Gifts, Awards, Checks To Hotel Folk

Five members received 15-year awards and two were recipients of five-year awards at the annual Christmas party of Hotel Gettysburg's staff held Monday afternoon in the main dining room of the hotel.

Following the presentation of the 15-year awards to Mrs. Dorothy Bigham and Mrs. Marie Tawney, of the grill room staff; Mrs. Marjorie Carpenter and Mrs. Dorothy Kessel of the dining room staff; Raymond Cullison, houseman, and five-year awards to Mrs. Gladys Sprinkle and Mrs. Katherine Gaston, also of the dining room staff, checks and personal gifts, including turkeys, were presented to all of the 50 staff members.

"God Will Toward Men" was described as the theme of Christmas by Henry M. Scharf, manager of the hotel, in an informal talk following the presentations in which he thanked the awardees and all staff members for their important roles in enabling the hotel to fulfill its responsibilities to the community.

"HAS NEVER FAILED"

"I am sure that Hotel Gettysburg has never failed this community; has rarely failed its guests and I am hopeful it has never failed its staff.

"This is the application of the Good Will theme and is accomplished only by the good will we hold for our community, our patrons and among ourselves. The fine reputation we have for good accommodations, excellent food and beverages would achieve nothing without the willingness and the genuineness that is characteristic of your service."

Scharf said a good hotel's status as a public asset to any community is so clearly defined as to become a tradition that is generally accepted and often taken for granted.

"GOOD WILL FLOW"

He added that while good will is naturally reciprocal and must flow both ways, it is requisite that it be originated by the hotel to a degree that will assure its return flow.

"Only by achieving this two-way flow of good will, which must be earned and deserved can this or any other hotel survive and grow; or can this or any other community have a hotel and enjoy the multiple services — many of them public services — which are the proud traditions of the public house that stamp it as a real asset to the community."

HOLIDAY PACE SLOWS TODAY AS CHRISTMAS DRAWS NEARER

Christmas came—as has become the custom—to Adams County this afternoon—and it is a white, white Christmas.

The hustle and bustle of the last few weeks are disappearing. Stores that had been rushed found customers becoming fewer. Clerks began to feel the change and became more relaxed. The greeting "Merry Christmas" was on everyone's lips.

Clubs in the town and country began closing this afternoon, to remain closed until Thursday. Stores closed late this afternoon to reopen again Thursday as the holiday mood spread.

CHURCH SERVICES

As most countians wended their way home from work the start of the holiday brought thoughts of the basic reason for Christmas and it was anticipated that large numbers will turn out for the traditional candlelight Christmas services in some Protestant churches this evening, most starting about 7 to 7:30 o'clock.

Catholic churches generally this afternoon had a flurry of confession-goers and later tonight will find hundreds turning out for the traditional midnight Masses.

Postal clerks noted a definite slackening in their work, although there was much of a last minute nature to be delivered today. The Gettysburg post office, which had thought the parcel post rush was over was surprised Monday when great quantities of parcel post was mailed. It had all been delivered by this afternoon.

ANTICIPATION MOUNTS

For children the great period of anticipation had begun — the period of anticipation of what they will see tomorrow morn after Santa has arrived. In most homes Christmas trees, with their grounds, have already been placed, and most youngsters are

JOHNSON WINS SENATE VOTE IN DAWN SESSION

WASHINGTON (AP) — In an unprecedented Christmas Eve daybreak session, the House passed and sent to the Senate today a compromise \$3-billion foreign-aid appropriation bill giving the President authority to guarantee credit for private wheat sales to Russia.

It was a victory for President Johnson and a defeat for House Republicans who once had beaten the proposal.

It came during the first Christmas Eve business session in modern congressional history—a session that convened at 7 a.m.

BODY RECESSES

The action cleared the way for a general exodus of members for a recess until the next session on Jan. 7.

The Senate was expected to pass the foreign-aid money bill Friday. It was in session today, but with an agreement that no business be transacted.

The House will hold at least one perfunctory meeting later to complete action on a sine die adjournment resolution. Final adjournment tentatively has been set for next Monday, but no legislation remains to be acted on by the House this year.

ACCUSE MAN OF BEER THEFT

Clifford J. Wagaman, 21, Gettysburg R. 2, was jailed this morning by borough police on suspicion of burglary.

According to the police call sheet, Daniel Greenawalt, Gettysburg R. D., called the officers this morning at 2 o'clock to report that when he drove to the Gettysburg Beverage Co., Lincoln Highway east, to remove the snow from its parking lot he saw a man walking away from the building, appearing to have in his pockets some bottles of beer.

Borough officers Paul B. Shearer and Ray K. Breighner drove down York St. and on the bridge over Rock Creek saw Wagaman trudging along in the snow.

They took his into custody and found six bottles of beer in his possession, and then drove him to the beverage establishment where they found some windows broken. They claimed Wagaman broke the windows and stole the beer.

After putting Wagaman in jail, borough police turned their information over to state police who will bring charges against the Gettysburg R. 2 man.

Service Tonight In Local Church

The service will conclude with the singing of the "Hallelujah Chorus" by the two choirs. The pastor will also have a Christmas meditation. A nursery will be provided for those desiring this service. The public is invited to attend.

Favor Bobby For LBJ Mate

PHILADELPHIA (AP) — Pennsylvania county Democratic chairmen mentioned Atty. Gen. Robert F. Kennedy most frequently in an Associated Press poll in their vice presidential preferences for the 1964 election.

The late president's brother was the preference of 13 county chairmen in the poll released Monday.

The next most frequently mentioned potential candidates were Mayor Robert F. Wagner of New York and U.S. Sen. Hubert Humphrey, each receiving four votes, and Pennsylvania Sen. Joseph S. Clark, who received three.

Fifty-five of the 67 county chairmen were reached by telephone for their views. Twenty of them declined to commit themselves, say they hadn't given the matter much thought or it was too soon to decide.

The poll was taken on the vice presidential preference because it appears certain that President Johnson will be the presidential nominee.

Vicki To Spend Yule In New Home

BOWLING GREEN, S.C. (AP) — Little Vicki Wray will see Christmas in a new, more spacious home.

The family of the 2-year-old girl, who has cancer in her only eye, moved into a rented 3-bedroom house Monday in time to help prepare for the holidays. One week ago, there was fear that her eye would have to be removed. But doctors at Duke Hospital in Durham, N.C., said the cancer may be arrested. The cancer already has forced removal of her other eye. Vicki will go back to the hospital early next year for another examination.

A fund established for the little girl grew to \$7,000 as donations of money and gifts continued. The child's father, Robert Wray, is a \$50-a-week textile worker.

COURT DENIES

(Continued From Page 1)

to say that Wetzel had refused arrest and thus took particular notice it was 12:45 p.m. (DST) at that time.

REJECTED BY COURT

Wetzel sought a new trial on the grounds that Mrs. Fritz worked until 1:30 on the morning of the event and that this affected the credibility of Mr. Fritz's testimony.

The court held: "It is clear that the offered testimony would not affect the reliability of Mr. Fritz in any respect. The time that his wife would get off from work was important for only one reason—his reason for watching the clock and knowing what time the constable returned to his office that night. The important question was his understanding of her working arrangement. She was supposed to be finished with her work by 1 a.m., although the time varied and it was sometime later. The fact that on this particular night she worked until 1:30 would throw no light whatever on the time that Mr. Fritz was supposed to meet her."

"The question was one of fact for the determination of the jury. There was ample evidence to justify the jury's findings."

SUIT IS SETTLED

Approval was given by the court for settlement for \$3,000 of the trespass action brought by Francis L. Brantner, Fairfield R. 1, against Paul E. Simpson, Middletown, as the result of the death of Mrs. Brantner's son, Thomas Anthony Brantner in June, 1962. The death occurred when the child ran onto the Sunshine Trail, near Fountaineau, during a game of "pitch and catch" at his home and was struck by Simpson's car. The settlement provides \$321.82 to Mrs. Brantner as administratrix of her son's estate to defray funeral expenses, etc.; \$1,189.09 to Mrs. Brantner as mother of the child and \$1,189.09 to Paul Brantner, father of the child.

Approval was given by the court to bonds of William J. Miller, New Oxford, and Joel D. Musselman, Straban Twp., as constables in their respective districts.

The scientific nature of Christianity will be explored at all Christian Science churches in next Sunday's Bible lesson entitled "Christian Science." Local services will be held at 10:45 a.m. at the Christian Science rooms, 14 Baltimore St.

Scriptural readings will include this serve from Isaiah (51:4): "Hearken unto me, my people; and give ear unto me, O my nation: for a law shall proceed from me, and I will make my judgment to rest for a light of the people." Selections from the denominational textbook will include these lines: "Our Master taught no mere theory, doctrine, or belief. It was the divine principle of all real being which he taught and practiced."

Ships, Planes Search For 135 Missing At Sea

LISBON, Portugal (AP)—The British aircraft carrier Centaur and her planes searched today for 135 persons missing from the cruise ship Lakonia as rescue vessels raced to port with a reported 877 survivors of the burned-out Greek liner.

About 500 survivors were expected this morning at Funchal, on Madeira Island, aboard the Argentine freighter Salta.

Other ships were taking rescued passengers and crew members to Casablanca and the Canary Islands.

There was no word on the cause of the fire that broke out aboard the 20,314-ton Lakonia just before midnight Sunday. She was 180 miles north of Madeira on a balmy Christmas holiday cruise, carrying 651 passengers—most of them British or Irish—and a Greek and German crew of 385.

STILL AFLOAT
The fire raced through the 608-foot vessel, forcing passengers and crew into the inky Atlantic within an hour.

The abandoned Lakonia was still afloat, a ghost ship. Explosions had blown the steel plates from one third the length of her hull. She listed heavily to starboard and sent up smoke visible for miles.

Latest reports to the Greek Line put the number of those rescued by the emergency armada at 877. Twenty-four were known dead, and 135 were unaccounted for.

But as rescue ships began reports of shivering and exhausted survivors, some discrepancies appeared. It may take days to make an accurate accounting of those lost.

The Centaur's planes and helicopters scoured the calm Atlantic today their pilots straining to spot signs of life among bobbing lifejackets and abandoned rafts.

Remaining alive through two nights and a day in the water would be exhausting. The water temperature is in the mid-60s, warm for the Atlantic but nevertheless chilling.

New Book On Assassination Of JFK Is On Rush Schedule

"The Torch is Passed," the book on the assassination of President Kennedy being produced for you and this newspaper by The Associated Press, is coming out on a rush schedule that bookmakers rarely have to face.

Hundreds of writers, editors, picture experts, printers and others have been working on it for two weeks. Not only is it unusual to produce a quality, hard-cover book on such short notice—actual work began only December 5—but getting out a million copies, as may very well be the case, is a tremendous job. With nearly 700 Associated Press newspaper members participating, the book orders already total about 700,000.

The printer, Western Printing and Lithographing Co. of Poughkeepsie, N. Y., expects to deliver the books in January.

The book is a dramatic, carefully researched, highly detailed account of President Kennedy's last day and the three days that followed. The information was gathered by Associated Press and member newspaper staff members, but the presentation is

59 FOR PARADISE

The Paradise School is the largest recipient of toys and was the first to receive Simpson gifts 12 years ago. This year a total of 59 pieces will be delivered there Christmas morning. In order that the toys will be maintained the year-round, Simpson two years ago started a machine shop training program for Paradise boys of Senior High school age by installing a machine shop at the school. He and another mechanic, Guy Harner, go to the school once a week to instruct the boys, and this year Simpson brought six of the lads to his Gettysburg shop for additional training on the repair and maintenance of toys. They have spent several Saturdays and part of their Christmas vacation in the local shop.

The Adams County Welfare Association will receive a total of 14 bikes for the pool, which rotates the bikes to foster children throughout the year. The children

them pretty thorough work-outs." At the end of a particular period, the tires are replaced by others to be tested for the company before they are marketed. "Our tires are so new they can't be bought," Simpson chuckled.

A new addition to the toy department at Simpson's Workshop this year were record players, which Edward Rohanna has repaired and which will be delivered sometime within the next 48 hours. Other volunteer mechanics include Charles Riley, Guy Harner, George Bower, Paul Reedy, Albert Cullison, David Simpson, Albert Shultzels and Harry Scott.

HIRES MECHANICS

The work load was so heavy this year that Simpson hired an additional mechanic for the month of November to work on nothing but toys, many of which were damaged pieces which Weaver's Discount Barn gave to the project. Other local firms aiding in the annual program are East End Planing, Redding Hardware and Supply and Simpson Steel Products, next door to Simpson's Machine Shop. Shelby's Paint Shop provides the paint for restoring used toys.

Each year Simpson declares "This is the greatest thing I've ever done," and as it continues to grow he says it with even greater conviction.

The aroma of baking that permeated many homes for the last week as cookies and pies were prepared for the Christmas season continued in a few this afternoon. Children — and father, too — began to get into the Christmas spirit by spicing a few of the cookies in advance.

Friends visited in homes of friends, some to deliver Christmas gifts that they might be under the tree tomorrow morning. Some merely to say hello and be pleased that there are friends to visit.

MERRY FOR MOST

At the county home and jail plans are underway for the annual Christmas dinner tomorrow for the guests at one and the prisoners at the other.

In the county many of the poor will find Christmas the best day of the year. Organizations and individuals have brought them food and clothing and gifts. For some of the poor however there will be no gifts—nothing but the usual poverty. There are children in the county who will see no decorated tree in their home—nor gifts around it.

But for most it will be a merry, a happy and a Christian Christmas Day.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

Horses Run Into Train: Dashing full speed into a rapidly moving freight train, the two horse team of Samuel Lott escaped serious injury in a remarkable manner at the corner of Washington and Railroad streets on Wednesday. Mr. Lott had taken a load of turkeys to the Hollinger produce house and went into the building, leaving the horses on the north side of the old freight house. A heavy Western Maryland coal train came along and the animals took fright, turned sharply about and started for Washington street. There they turned south and ran directly towards the train which was now crossing the street and moving at good speed. The horses dashed madly for the big freight cars and the tongue of the wagon broke sharply in two as it struck against the train. This arrested the progress of the animals for a brief moment and then they turned east and galloped up the track towards Carlisle Street. How far they would have gone or what further damage would have resulted is a matter for conjecture but fortunately the wagon caught on the big bumping block on the Reading siding at the Isaac Kauffman property and stopped them. Inspection of the horses and wagon showed little damage to have been done aside from some bruises to one of the animals and the broken wagon tongue.

Drug Store Sold: Dr. James B. Morris has purchased the Landau drug store on Chambersburg Street opposite the Eagle Hotel. For the past twenty five years he has been a practicing physician in Punksutawney. Dr. Landau expects to locate in Harrisburg.

For College Infirmary: President Granville announces that at the coming mid-winter meeting of the board of trustees of the college he will ask for the appropriation of \$5,000 for the erection of an infirmary. The need of such an institution has long been recognized.

Theater Change: John Raymond has leased Walter's Theater for one year, starting January 1st. He expects to install improvements to the picture machines and screen and says that he will furnish a higher grade of pictures.

Colored Folks To Remember: Lincoln Lodge of Elks 145 of Gettysburg will give a dinner for the poor colored children of town and various needy persons on Christmas Day. It will include roast turkey, vegetables, cranberries, ice cream and many other good things. In the evening a smoker will be held for the member of the colored Elks after the services in the church.

Poor Will Not Be Forgotten: Gettysburg will not be unmindful of its unfortunate on Christmas day and private individuals and public charities will take care of those who have less of Christmas cheer than their more happy fellows. At the County Home, Steward Harry Sheely is going to give an elaborate dinner with chicken and all the fixings. Homemade candy is to be made for all of the residents and in addition the directors of the poor will give their annual treat of oranges, candy and apples. Every woman in the home will receive a new apron and stockings while the men will get suspenders and stockings. Sheriff G. R. Thompson will remember most kindly the seven inmates of the county jail. He is going to furnish them with a big turkey feast. Gettysburg Lodge of Elks will distribute Christmas baskets to the fam-

Today's Talk

THE SPIRIT

Christmas is always a sad and happy time. Sad because one — personally — cannot make the whole world happy; happy because one is able to make a few less sad.

It is so fitting that the one figure in all history who has contributed more of beauty and happiness to the world than any other should have been born in the humblest of places because there was "no room at the inn."

If we are to believe the recorded story of the Christ Child's birth, the "Wise Men" and shepherds brought the simplest of offerings to celebrate this most notable event. Gifts were used merely to express their love. And that is what a gift should always mean. I regret that so much money is spent upon Christmas gifts. Love can never be measured in terms of money. It is the spirit of the gift which is the rare thing.

I am always inspired by the Christmas crowds that fill the city streets and by those who leave for their homes with gay shopping bags stuffed with packages. I then know that each individual is thinking of someone and being made very happy himself, or herself, because of this thoughtfulness. One also loves to receive the letters and telegrams from those beloved at this festive season. One values them beyond all expression. No one can give a greater gift than something chosen out of oneself!

Christmas ever reminds us that Christ's coming into the world meant peace and good will to all men. And for these nearly 2,000 years the message that His life expressed still goes on. His message was one of peace, charity, unselfishness and forgiveness. Go about doing good. Love thy neighbor as thyself.

Christmas isn't Christmas at all, unless it is filled with love and thoughtfulness toward someone else. It's the spirit of one's feeling that makes this day such a beautiful and always memorable celebration.

Let us celebrate most within our hearts, and the more highly resolve to carry on the message which Christ's ministry on earth exemplified.

OLD-TIME CHRISTMAS

Let's go back to Christmas
As it was in days of old,
When love and laughter filled the place
Of silver and of gold.
The Christmas Day at mother's,
With the family gathered there,
A turkey on the table
And a kin in every chair.

A Christmas ruled by money
Is not the thing we need.
Give us a gentler merriment
Than comes from selfish greed.
Give us the old-time laughter,
The old-time Christmas prayer
With turkey on the table
And a kin in every chair.

Let's trim the home with holly,
Hang mistletoe above,
And pass around to cns and all
Our simple gifts of love.
Let's be once more united
And shut the door on care,
With turkey on the table
And a kin in every chair.

We've tried the costly Christmas
With gaudy lights that burn.
This year to love and laughter
And home ties let's return.
Let's have the Christmas dinner
Which loving hands prepare,
With turkey on the table
And a kin in every chair.

The proceeds of the Stable Fund, amounting to about \$120, become available every year and are distributed to the worthy poor by the finance committee of the town council. The members of the Presbyterian congregation will this year take to the poor people of town gifts of practical value, consisting of clothing and other necessities. St. James Sunday School classes denied themselves of their usual Christmas treat, preferring to take the money and buy gifts for the poor people. Several of the classes in the Reformed Sunday School are sending gifts to the children at the Hoffman Orphanage. In the congregation a number of the ladies make themselves each responsible to visit six families in town on Christmas day and learn their needs and see that they are filled. The membership of the College Lutheran Church on Monday sent a box full of things to eat, toys, clothing and money to the children at the Loyville Orphans Home. Individual members of St. Francis Xavier Church will do the work of that congregation this Christmas and soon after the holidays Fr. Boyle will organize the charitable work of the church.

Infant Burns In
Harrisburg Fire

HARRISBURG (AP) — A pre-Christmas fire has taken the life of 13-month-old Margaret Griffin and destroyed the interior of the house in which she lived with her mother, Sam Walker, owner of the multi-family dwelling in suburban Edgemont, rescued three children from the burning structure, but flames prevented him from reaching the baby. The mother, Mrs. Peola Griffin, was not at home at the time.

W. J. GREEN IS
BURIED TODAY

PHILADELPHIA (AP) — President Johnson heads a contingent of political associates and friends coming to Philadelphia today to pay final respects to the late Rep. William J. Green Jr., powerful chairman of the city's Democratic committee since 1933.

The President plans to fly on to Texas for the Christmas holidays immediately after the ceremonies at the Cathedral of Saints Peter and Paul. Archbishop John J. Krol of the Philadelphia Roman Catholic Archdiocese will celebrate the solemn pontifical requiem mass starting at 11 a.m.

Many congressmen—including Pennsylvania's surviving 26 representatives—and senators, including Sens. Hugh Scott, R-Pa., Joseph Clark, D-Pa., and Ted Kennedy, D-Mass., are expected. Local and state officials are also coming.

Green, 53, died early Saturday at Graduate Hospital where he had been undergoing treatment for 13 days for peritonitis, an inflammation of the body cavity lining, and other ailments.

He was stricken in New York City while attending the funeral of another well-known Democratic leader, the former New York governor, and Sen. Herbert Lehman.

The death of Green, a congressman for 16 years, came as a serious blow to the Democratic organization which he led to many election victories as its chairman.

SEEK DELAY IN
COURT SUIT ON
REDISTRICTING

HARRISBURG (AP) — The state Justice Department is seeking a delay in federal court action on a taxpayers' suit challenging the constitutionality of recent reapportionment legislation.

Meanwhile, the legislation, passed earlier this month in a special session of the General Assembly, remains in the hands of Atty. Gen. Walter Alessandrini. The bills do not become law until signed by Gov. Scranton.

In an answer to the taxpayers' suit now pending before a three-judge court in Scranton, the Justice Department said Monday initial determination of the bills' compliance with a state Supreme Court order is the "proper prerogative" of Commonwealth Court.

NEED GUIDELINES

The answer, filed in U.S. District Court here, also contended that further guidelines must be set by the U.S. Supreme Court, which originally held that federal courts had the authority to act on reapportionment suits.

"Accordingly, hearing, argument and decision of the case should be deferred and stayed until the court and counsel have the benefit of the directives of the Supreme Court of the United States on these subjects," the answer said.

The court action, filed by Alessandrini, said Scranton probably would sign the reapportionment bills the first week in January.

"There is no particular hurry," Alessandrini said, "so we've put the bills on the bottom of the pile. We're taking our time to make certain the bills are in order."

The bills have been in the hands of the Justice Department since Dec. 9.

In 1916, Southern Methodist led Rice by 3-0 but lost the football game, 146-3.

Titans Rated Favorites
In Tourney; Will Meet
Mount In Opening Game

Westminster College of New Wilmington looks as an early pre-tourney favorite to win the first annual Battlefield Tournament to be held at Gettysburg College Friday and Saturday.

Westminster will enter the tourney with a 4-2 record, the most impressive win being a 54-52 decision over Wittenberg. The Titans, coached by "Buzz" Ridd, have hit on 52 per cent of their field shots and 72 per cent from the foul line. They have scored 449 points for a 75 point average per game. They have allowed 413 points by the opponents for a defensive average of 63.8. The Titans have defeated Alliance, Geneva, Malone and Wittenberg and the two setbacks have come at the hands of Duquesne and George Washington.

Westminster will be led by 6'5" Bob Oravetz. The Mt. Pleasant native has rammed through 127 points in the six games for a 21.1 average. He has connected on 61 per cent of his field shots and 70 per cent of his free throws. Captain Lou Skurzenski is the leading rebounder with a 16.2 average. Skurzenski is a 6'6" Senior from Zelenople.

MOUNT SURPRISING

Westminster's first opponent in the tourney Friday at 7:30 will be Mt. St. Mary's, former NCAA small college champions. The Mountaineers are in the process of rebuilding their squad but so far have posted a surprising 5-2 record. Mike Costello is the top scorer on Coach Jim Phelan's squad. Costello has hit for 120 points for a 17.1 average. Ed Folk, 6'5", is the team's leading rebounder with an 8.6 average. He has had to take over that department in place of the injured Jack Campbell, 6'3" native of Newton, N. J.

The Mount has been involved in several high scoring ball games which accounts for their 81.4 average per contest. Their opponents have rolled up a 72.5 average. Host school Gettysburg has the best depth it has had in a long time, but the sophomores are having trouble catching onto the system. The Bullets will meet American University in the second game of Friday's twin bill. The Eagles, coached by Jim Williams, are also in the process of rebuilding. They have been elevated to the major college ranks which has resulted from their aggressive schedule. American lost to Duquesne, Bucknell, Georgetown, Temple and Army and defeated Mt. St. Mary's and Stetson in their first five games.

The Eagles will be counting on the services of Jim Shickora to pace their attack against the Bullets. Shickora is leading the squad with a 14.6 average and is the top rebounder with 40. The 6'4" Senior will also receive help from 5'11" Ron Rawlins. The Perth Amboy, N. J., native has collected 50 points for a 10-point average.

Gettysburg's scoring hopes will rest on the shoulders of Junior George Strouse, Norwich, Conn. Strouse has poured through 74 points for a 14.8 average. Defensively the Bullets can count on 6'6" Doug Kepner and 6'5" Chris Sirmis. The two have been coming into their own and together have pulled down 83 rebounds. Kepner is also second in scoring with a 10.4 average.

Like American University, Gettysburg is behind its opponents in point production. The Bullets are averaging 59 points compared to the opponents 62. American is hitting for a 89.4 average while its opponents are clipping along at an 85.5 average per contest. The winners of Friday's games will tangle Saturday evening for the championship. The title game will be preceded by the 7:30 o'clock consolation involving the two losers.

CHAMP PLANS
TUNEUP BOUTS

CHERRY HILL, N.J. (AP)—Middleweight champion Joey Giardello plans three or four non-title fights within the next few months, he confided from his home here Monday.

The new champ, also announced he has ruled out the Madison Square Garden boxing department as the promoter for his first title defense.

Giardello, who recently defeated Dick Tiger of Nigeria for the title, said the championship bout will be promoted by Garden State Sports Corp. of Teaneck, N.J., and Lou Duva, Paterson, N.J., promoter. He said he would like an outdoor fight next summer.

Giardello admitted he has been contacted by the manager of Ruben (Hurricane) Carter about a proposed title bout. Carter gained stature as a challenger last week when he knocked out welterweight champ Emile Griffith in the first round.

KRICK SCORES
11 POINTS AS
BEARCATS WIN

By MIKE RATHET

Associated Press Sports Writer

The basketball fortunes of Cincinnati's Bearcats may rest precariously on Ron Krick's shoulders.

Krick scored 11 points as the fifth-ranked Bearcats—unimpressive so far and beaten by Kansas early in the season—squeezed by Kansas State 72-70 Monday night on George Wilson's tip-in with only one second remaining.

Wilson and Ron Bonham each scored 23 points, but it was Krick's performance that may have given Coach Ed Jucker the biggest kick. The 6-foot-8, 230-pound sophomore, expected to take up some of the slack left by the graduation of Tom Thacker and Tony Yates, had scored only 27 points in six previous games.

While Cincinnati, the only member of the Top Ten in action Monday night, brought its record to 6-1, Utah Coach Jack Gardner recorded the 500th victory of his career as the Utes thumped New Mexico State 101 to 72.

In other top games, New Mexico edged Purdue 63-61 on two foul shots by Skip Kruzich with 10 seconds left. Gary Bradds scored 29 points in Ohio State's 79-62 victory over Houston. Bob Quinney's 35-point performance led Brigham Young to a 95-90 triumph over Michigan State and Utah State defeated Bradley 95-90 behind Troy Collier's 28-point performance.

Elsewhere, Rick Kaminsky scored 36 points in Yale's 97-85 triumph over Tulane. Stanford edged Kansas 69-64 in overtime. Creighton whipped Nevada 92-65. Louisville defeated South Carolina 66-57. Colorado State U. crushed Washington 82-52 and Florida State downed Tulsa 91-76.

ANTITRUST
SUIT AGAINST
PGA IS LOST

SAN FRANCISCO (AP)—The Professional Golfers Association of America does not violate antitrust laws, says a federal judge.

In the first antitrust suit ever brought against the PGA, U.S. District Judge Lloyd H. Burke ruled Monday against golfer Herbert C. Deesen of Berkeley, Calif., who asked \$210,000 treble damages.

Judge Burke's green light for PGA tournament management policies put this country's controlling force of pro golf in the same category as major league baseball and the National Football League, other successful sports defenders against antitrust action.

Deesen, 40, claimed he was deprived of \$70,000 in earnings because the PGA revoked his approved tournament player card in 1958.

The PGA said the card was revoked because Deesen's scores—usually in the high 70s—weren't good enough for the professional tour.

Deesen contended that the right of PGA members to play in tournaments without qualification constituted obvious evidence of discrimination. Approved tournament players are not PGA members.

Judge Burke found, however, that no evidence of discrimination of any sort existed in either the PGA's membership requirements or its tournament rules for nonmembers.

He said failure to limit entries of non-PGA members could end professional tournaments.

Ohio Univ. Has "Alumni College"

ATHENS, Ohio (AP)—Ohio University is developing a unique adult education program called "Alumni College."

It's a week-long series of courses in contemporary art and literature, interior decorating, personal finance and communications. The first was conducted during the past summer and attracted persons who had graduated 20 or more years ago.

Tentative plans call for two Alumni College weeks in 1964, one in each of the five-week summer school sessions.

COACHES SPLIT
IN FORECASTS
ON NFL WINNER

By JACK HAND

Associated Press Sports Writer

NEW YORK (AP)—Coaches of the four teams that have played both the Chicago Bears and the New York Giants are divided on the outcome of Sunday's National Football League title game at Wrigley Field. Two like the Giants, one favors the Bears and one straddles the fence.

Jack Christiansen, whose San Francisco 49ers were the only team to beat the Bears in 14 regular season games, thinks the Giants will win. The Giants thumped the 49ers 48-14 later and there were complaints about rubbing it in.

Buddy Parker of Pittsburgh and Nick Skorich of Philadelphia hedge a bit because of the weather, with snow and icy winds swirling around the East.

PARKER PICKS BEARS

Wind and snow can make a mockery of the slim odds favoring the Giants. Parker, beaten by the Giants in the final winner-take-all game for the Eastern title, favors the Bears "under normal playing conditions."

Skorich, whose Eagles lost two to the Giants and one to the Bears, leans toward the Giants "on a day for football."

Don Shula of the Baltimore Colts refused to pick a winner. His Colts lost twice to the Bears and dropped the season opener to the Giants who made a great second-half comeback.

WEATHER BIG FACTOR

"I think the New York Giants will win," said Christiansen. "I feel the big difference is in offensive football. The Giants' offense is a better, more sound type based in good running and good passing. I feel the defenses are just about the same. The defensive lines and linebackers are old pros, the secondary for each a combination of experience and youth."

"I think the condition of the field is going to be a big factor," said Parker. "If it is frozen hard it will be in the favor of the team with the best passing attack and that gives the Giants and Y. A. Tittle the edge. It all boils down to the league's best defense against the league's best offense. Under normal playing conditions I would favor a defensive team like the Bears."

"This is a meeting between the two best defensive teams in the NFL," said Skorich. "Chicago has the better defensive line. Linebackers are about even. The Bears have a slight edge on defense overall with New York the edge offensively because of Tittle. Therefore, give the Giants a slight edge on a day for football. If weather is bad and defense dominated, the Bears rate the edge. Tittle has had bad days in bad weather and this could be the difference."

DON TRULL OF
BAYLOR SIGNS
WITH HOUSTON

PALO ALTO, Calif. (AP)—Don Trull, a pass-happy quarterback from Baylor, will do his throwing next year for Houston of the American Football League.

But neither Trull nor the Oilers will even hint at the salary, bonus and terms of their contract—apparently one of the biggest in a series of skyrocketing pro pacts.

The Oilers out-talked the Baltimore Colts of the National Football League for Trull's services. Both clubs wanted the two-time national collegiate passing leader so badly that each drafted him as a future in 1962.

CALLED "COMMON-SIZED"

The contract, said Oilers General Manager—Coach Frank (Pop) Ivy, "is no doubt better than any that were ever made when I was with the Cardinals." He left St. Louis of the NFL for Houston in 1962.

"The football costs have skyrocketed," said Ivy, who fended off all questions about Trull's contract. In 1960 the Oilers paid Billy Cannon \$110,000 for three years and threw in gas stations and a car.

The Houston Post called Trull's pact a "Common-sized" contract and said it had learned from authoritative sources that he will receive a \$30,000 bonus and \$20,000 annually on a three-year, no-cut arrangement.

The 6-foot-1, 185-pounder completed 174 passes for 2,157 yards this year—both national records—and handled the ball a record 406 times. He also set nine Southwest Conference passing marks.

Littlestown High Basketball Squad

After having shown great improvement in trouncing Fannett-Metal last Friday, future prospects are looking up for Jack Bream's Littlestown High School basketball squad. The Thunderbolts, 1-3 overall, will resume action Friday, January 3, when they meet Bermudian Springs at home in an Adams-Franklin League game.

Front row, left to right, Louie Orndorff, Ed Koontz, Dame Trump, Steve Basehoar, Terry Arbogast, Doug Basehoar; top row, Bob Jacobs, manager; Terry Morelock, Terry Pottorff, Ed Bless, Neil Leister, Jim Blocher, John Burgoon, and Ron Benner, manager. Bob Smith, a promising 6-3 Junior, is out for the remainder of the season due to a knee injury, and another Junior, Jeff Rebert, 5-10, was also shelved for the season due to an injury during football. Both boys were destined to see a lot of action. (Times photo)

Y. A. TITTLE IS
"SANTA CLAUS"
OF N.Y. GIANTS

By CHARLES CHAMBERLAIN

Associated Press Sports Writer

CHICAGO (AP)—"Daddy, is Tittle as old as Santa Claus?"

"Ha, ha. You ask the darndest questions, Junior."

"But, daddy, I heard you say at our Christmas party that old man Tittle could beat the Chicago Bears Sunday. If he is as old as Santa Claus, how can he do something like that?"

"I didn't mean Tittle—we all call him Yat—can do it alone, Junior. I was trying to show that he is Santa Claus of the New York Giants."

NO WHISKERS

"He hasn't got whiskers, Junior. In fact he is bald. And he is bald, Junior. The Bears have a hasn't a round little belly that shakes like a bowl full of jelly. But sometimes he comes down the chimney with a sack full of touchdowns."

"Daddy, I don't know what..."

"Get up here on my knee Junior, and let me explain. Now, we know that Santa Claus has quite an arm. He can crack that whip and send Donder, Dasher, Dancer and Blitzen running."

3 D TOSSES

"Tittle also has an arm like that. We fellows who know football like to say he has a hot hand—just like that fast-draw cowboy you watch on TV."

"Well, he throws the ball. Thirty-six times that he has thrown it this season, it has gone for a touchdown. And nine times a lanky guy called Del Shofner, who has the build of those gunslingers you watch, has caught the ball and scored a touchdown."

"Del is sort of like Santa's Rudolph, the red-nosed reindeer who guides his sleigh. And he is good at catching what we call bombs—long passes for touchdowns."

THE BIG QUESTION

"But, daddy, can't anybody stop Santa Tittle from doing all that?"

"Well, Junior, that's the big question the Bears must face. Now, the Bears can put a big rush on the old man—you know, charge at him when he is trying to throw, like a stampede. We call it red-dog, like the name of that saloon."

"But, Santa Tittle usually is protected by his partners who won't let the other guys get to him. If they do get to him, he is very slippery—like that fish that got away from us last summer."

SOME PASS STEALERS

"Let's say, daddy, that Santa Tittle does get a chance to throw. Does he always throw to the right guy?"

"Ha, ha. That's a good question to surround the guys that Santa Tittle is trying to hit. 'They are guys like Roosevelt Taylor, Richie Petitbon, Benny McRae and Davey Whitsett. These four have stolen 29 passes that were supposed to go to other guys this season.'"

BEST PRESENT

"But, daddy, you still haven't told me if Mr. Tittle is as old as Santa Claus."

"I don't think so, Junior. But I believe Papa Bear George Halas might be. But that's another story."

"Papa Bear is waiting for the best Christmas present of all. That would be the National Football League championship, sonny."

NEW YORK (AP)—Lightweight champion Carlos Ortiz is expected to announce plans shortly for three title defenses, starting off with Filipino Flash Elorde in Manila, Feb. 1.

Then, if successful, the Puerto Rican-born New Yorker will take on Kenny Lane of Muskegon, Mich., and Carlos Hernandez of Venezuela.

PROMOTERS
DIVIDED ON
TV DECISION

By MURRAY ROSE

Associated Press Sports Writer

NEW YORK (AP)—Boxing promoters who have staged fist fights with and without television had differing opinions today as to whether a total blackout of fights on television will help or hurt the hardy old sport.

Herman Taylor of Philadelphia, 76-year-old dean of American fight promoters, said "personally I can't complain about TV," but added "there is no question about TV doing boxing no good."

OPINIONS VARY

"We have to live with TV," said Chris Dundee of Miami Beach, Fla. "I think a lot of fans look for the Friday night fights on TV."

"Boxing will enjoy a new lease on life," said Archie Little of Pittsburgh. "It may take longer and be more difficult to develop headline attractions. But the fans will return to the practice of paying to see a fight."

"I think one show a week on TV would help boxing," said Sam Silverman of Boston. "It has kept interest up in boxing and done a lot for it."

LONGEST PROGRAM

Actually the ancient sports hasn't been knocked off the air waves yet. But the old guy is staggering.

Back in the 1950s there were six network fight shows a week. They were beamed over regional and national networks on Monday, Tuesday, Wednesday, and Saturday nights.

The Gillette-sponsored Friday night bouts from Madison Square Garden and other major arenas, have been telecast since 1944. It is the longest continuous sponsored program on television.

It is the last regular fight program on television and it is tottering. The American Broadcasting Co. confirmed Monday that it plans to drop boxing from its network scheduling in 1964, possibly in April.

A Gillette spokesman said: "This was the network's decision. We realize ABC's problem with declining ratings. Enough people just weren't watching the show and the network decided to drop it."

ABC and Gillette were reportedly seeking another sports program to replace the fight cars. Football, college and pro, is getting a large share of the TV advertisers' dollars.

There was another report that the change may take place as early as April although the ABC-Gillette contract with the Garden runs through September.

Canadiens' Ace
Is Top Scorer

MONTREAL (AP)—Big Jean Beliveau of the Montreal Canadiens, the highest scoring center in National Hockey League history, has forged to the front in the individual scoring race.

The 31-year-old veteran pivot collected three goals and three assists in the Canadiens' three straight victories last week. The six-point output enabled Beliveau to overhaul Bobby Hull and Stan Mikita of the Chicago Black Hawks, co-leaders a week ago.

League figures showed today that the 6-foot-3, 205-pound Beliveau has accumulated 15 goals and 39 assists for 45 points, one point more than Hull and Mikita. The Chicago duo, tied for second with 44 points apiece, tallied three points each during the past week.

WILT AGAIN
TOP SCORER

NEW YORK (AP)—It was just a matter of time, but perennial scoring leader Wilt Chamberlain of the San Francisco Warriors finally has taken over as the No. 1 point-producer in the National Basketball Association.

The 7-foot-1 Still dis-laced Oscar Robertson of the Cincinnati Royals as the league's leading scorer this week according to figures released by the NBA today.

Chamberlain, who concentrated more on setting up Warrior baskets in the early weeks of the campaign, became the first player in the league to reach the thousand-point mark. The Big Dipper collected 142 points during the week for a season's output of 1,021.

Bob Pettit of the St. Louis Hawks moved into second place in front of Robertson with 997 points. The Big O dropped into third with 941.

Chamberlain, aiming toward his fifth straight scoring title, boasts the top average per game of 34 points. Jerry West of the Los Angeles Lakers is runner-up with a 29.1 average.

SAN DIEGO HAS
BEST OFFENSE

NEW YORK (AP)—The San Diego Chargers, Western Division champions of the American Football League, claimed the total offense crown and finished second in total defense, league statistics showed today.

The Chargers, who'll meet either the Buffalo Bills or Boston Patriots for the league title, gained a total of 5,169 yards, an average of 398.5 per game. The Chargers' defense allowed 3,934 yards runner-up to Boston's 3,715.

In Sunday's final game of the season, Oakland's Clem Daniels gained 178 yards to break the AFL rushing mark. Daniels needed 157 to break the standard of 1,095 set last season by Buffalo's Cookie Gilchrist. He wound up with 1,098.

Two individual records fell. Fred Glick of Houston had 12 interceptions and Jim Fraser's 45.8 punting average for 78 kicks set the other marks.

Tobin Rote of San Diego, the league's Most Valuable Player in an Associated Press poll, won the passing title and Lionel Taylor of Denver took the pass receiving crown for the fourth straight year.

Elmer Ripley, former basketball coach at West Point, Georgetown, Yale, Columbia, Notre Dame and John Carroll, is coaching the team at Englewood, N. J., School for Boys.

SOME SHIFTS
AMONG TOP 10
FOR THIS WEEK

By THE ASSOCIATED PRESS

Bah, humbug on Cincinnati. With the exception of the fifth-ranked Bearcats, every Top Ten team in The Associated Press poll is entered in one of the over 100 holiday tournaments dotting the basketball map for the next week.

Top-ranked Loyola of Chicago will be in Philadelphia for the Quaker City tournament starting Friday, meeting Georgetown in a first-round game. Second-ranked Kentucky, winner of its own Kentucky Invitational last week, will wait until next Monday before starting play against Loyola of New Orleans in the Sugar Bowl tournament.

Third-ranked Michigan, fourth ranked UCLA and 10th-ranked NYU make up part of the field for the Los Angeles Classic beginning Thursday. The Wolverines and Violets meet in a first round game while the Bruins tackle Yale.

OREGON STATE BACK

Sixth-ranked Vanderbilt will meet Memphis State when the Vanderbilt invitation gets underway Thursday, seventh-ranked Davidson gets Penn in the Charlotte Holiday Tournament beginning Monday. Duke will tackle Auburn in the Sugar Bowl and Oregon State opens in the Far West Classic at Portland, Ore., against Louisiana State.

Oregon State jumped back into the Top Ten again this week, while Toledo dropped out. Loyola, Kentucky and Michigan kept their places in a tightening race but there was considerable shuffling below the Big Three.

Loyola grabbed 20 first-place votes and 405 points to 17 firsts and 393 points for the Wildcats. Michigan drew the remaining eight top votes and totaled 360 points in balloting by The Associated Press' special panel of sportswriters and sportscasters.

BEARCATS DROP

UCLA climbed from sixth to fourth while Cincinnati dropped one notch. Vanderbilt jumped two spots to No. 6 and Davidson vaulted three to No. 7.

Duke dropped from fifth to eighth after losing to Michigan 83-67, and NYU fell from seventh to 10th following a 77-76 overtime defeat by Wagner.

The Top Ten teams with points on a 10-9-8-7-6-5-4-3-2-1 basis.

KHRUSHCHEV'S AVOWED TASK GROWS LARGER

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — Premier Khrushchev's threat to capitalists that "we'll bury you" is involving him in a bigger—and more unlikely—task in every way each year. For one thing, the number of shareholders in capitalist ventures is growing steadily, not only in the United States but in most other parts of the world outside the Communist bloc. And thus the number of capitalists to be buried grows.

Employees of business enterprises also are involved in capitalism, as well as the stockholders in those companies that are incorporated. And increasingly there are more employees who double as outright stockholders. There are still more who are involved because their pension or other funds are invested in corporate securities.

The rate at which stock ownership has grown in the United States—an estimated total of 6.5 million in 1952 vs. 17 million in 1962—is being approached in some other of the more industrialized Western nations and even exceeded in a few.

A NEW TREND
This is a new trend for many in the sense that formerly ownership of business enterprises was largely concentrated in small percentages of the population. In the United States business ownership—individual, family or stock—long has been more widely spread among the population.

But the boom in stock ownership in recent years has been even more notable in Japan than in the United States. Since 1946 the number of shareholders there has jumped eight fold to an estimated total of 4.5 million.

This means about one in every six Japanese families owns some stock.

A new study of stock ownership in 61 countries by the New York Stock Exchange estimates that in Western Europe there are 10 million owners.

MORE STOCKHOLDERS
In Britain ownership has doubled in the last 10 years to 3.5 million. In West Germany 10 corporations have 100,000 or more stockholders, with Volkswagen boasting 1.5 million. France numbers at least 2 mil-

Prefers Sweeping To Jail Sentence

ALBUQUERQUE (AP) — A 22-year-old youth spent 45 minutes recently sweeping the sidewalk and gutter on both sides of Copper St. N.W., between Fourth and Fifth, rather than spend 10 days in jail for breaking beer bottles in the area.

The young man, charged with violation of the antilitter ordinance, was given his choice of sweeping the sidewalk or spending a few days in jail, by Municipal Judge James A. Maloney. He chose to sweep and the city provided him a broom.

A 32 per cent increase in the number of stockholders of record between 1958 and 1962 is shown in another New York Stock Exchange survey of 38 companies, among the largest employers in the United States. Many individuals admittedly may be owners of stock in more than one of the 38 companies.

Navy" (1,304 water-borne vessels of various kinds which are owned and operated by railroads) to the history of the caboose, a term used as early as 1855.

Of more immediate importance, "Quiz" provides some king-sized facts concerning the railroads' contribution to this country, its economy and its security. In 1962, to cite a few, railroads performed 107 passenger miles of service for every man, woman and child in the country, and also transported a ton of freight 3,190 miles and carried 41 pounds of mail. In the same year they employed 700,126 people who received salaries and wages of a staggering \$4,662,113,000. Their tax bill over the 1956-62 period averaged \$1 billion 13 million a year. And they spend close to \$1.4 billion annually for supplies and services of a thousand and one kinds, plus over \$800 million for improvement to plant and equipment.

Then, when it comes to the national defense, the figures are still king-sized. During World War II they operated 113,891 troop trains. They transported some 43,700,000 members of the armed forces in these, in hospital trains and in special cars. This does not include the millions of service people traveling singly or in small groups.

Figures such as these almost literally make the mind reel. Only a trained mathematician can visualize them. But they do give to all of us a vivid picture of the enormous importance of the railroad industry and of the urgent need, so widely discussed and publicized in late years, for legislation which will free them of obsolete regulatory fetters and permit them to do a still more effective job for the nation they have served so well and so long.

LITTLE SEASON OF NEW SHOWS BEGINS ON TV

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — With the debut Wednesday night of Allen Funt's "Tell It to the Camera" on CBS, network television launches a sad little second season of new shows. The big opening season is late September and early October.

Between now and Jan. 10, seven programs will make their debuts. All but one replace programs that failed to attract large audiences.

"Tell It to the Camera" substitutes for "Glynis," which provided unbelievably poor scripts for star Glynis Johns.

NEW GAME SHOWS

Next Monday, two new game shows move into the daytime line-ups of ABC and NBC. "The Object Is," with Dick Clark as host, replaces long-playing "Who Do You Trust?" on ABC. NBC's short-lived "People Will Talk" will be abandoned for another game show called "Let's Make a Deal."

ABC is trying to salvage something from the expensive rubble left by the abrupt departure of Saturday night's "Jerry Lewis Show"—the season's noisiest flop. It will premiere an hour-long variety show, "The Hollywood Palace," on Jan. 4 in the first hour of Lewis' time, and return the second hour to affiliated stations for local programming.

NBC's "Redigo" quietly slips into limbo after tonight's show, and next Tuesday the half hour will be filled by an evening version of "You Don't Say."

3 TV COMING

"That Was the Week That Was," a half-hour topical revue specializing in satire, slips into NBC's Friday night schedule on Jan. 10, taking over from the comedy series, "Harry's Girls." CBS will present a quiz show called "Alumni Fun" on Sunday afternoons starting Jan. 4. This is designed to fill part of the big hole in the network schedule left by the departure of football. The show, originally seen last season on ABC, features alumni teams from various colleges competing for scholarships.

Powder Explosions Rock Nearby Homes

WILMINGTON, Del. (AP) — Two explosions Monday at the Atlas Point plant of Atlas Chemical Industries Inc. jarred homes in the immediate area.

Company officials said no one was hurt in what were termed minor explosions.

A spokesman for the firm said the explosions and fire occurred outdoors. No buildings were involved, he said.

Cause was not immediately determined.

A preliminary estimate of damage to plant equipment was set at \$25,000 by the firm.

PLAYBOY HEIR DIES SUNDAY

DETROIT (AP) — The playboy heir to a multi-million-dollar Dodge Brothers auto fortune—Horace E. Dodge Jr.—died Sunday night. He was 63.

The one-time sportsman and boat racing enthusiast died of a reported heart ailment at Jennings Hospital in Detroit. He was said to have entered the hospital earlier for a checkup on his failing health.

Dodge Jr. was heir to an estate of \$57 million that has been administered by his mother, Mrs. Horace Elgin Dodge Sr., 93. Mrs. Dodge Sr. inherited her husband's portion of more than \$146 million for the sale of the Dodge Brothers (Motor Car) Co. in 1924 to a firm which sold it to the Chrysler Corp.

28-ROOM MANSION

The son had been living in a 28-room mansion in fashionable Grosse Pointe Farms next door to his mother's 127-room mansion.

Survivors, beside his mother, include his estranged fifth wife, former showgirl Gregg Sherwood.

The Dodge Brothers Co. was founded in 1914 by his father and uncle, John Francis Dodge. The brothers had amassed an early bulk of their fortune with an interest in Henry Ford's auto making concern, for which they built engines. They sold their portion to Ford for \$70 million and then built the independent Dodge Brothers empire. Both brothers died in 1920.

Four Are Slain During Attempted Robbery Of An Ottawa Rectory Sunday

OTTAWA (AP)—Four persons were shot to death Sunday when two armed brothers apparently tried to steal the collection boxes from a Roman Catholic rectory in Ottawa while Mass was being celebrated in the church next door. A fifth person was wounded slightly.

Police said there was no money in the rectory.

Police said Roger Binette, 21, shot and killed himself after police and parishioners cornered him and his brother, Reginald, 17, in an upper floor of the rectory.

ONE SURRENDERS

A detective persuaded Reginald to surrender after parishioners surrounded the building. Reginald was charged with capital murder and if convicted will get a life prison sentence. Minors cannot be hanged for capital murder in Canada.

The youths' parents, Mr. and Mrs. Leo Binette, were attending noon Mass in the Church of Christ the King. The father rushed with other men in the congregation to the rectory and ducked back as bullets flew. He did not know who was inside.

The shooting also took the lives of Paul Mercier of Sherbrooke, Que., Scoutmaster of the Parish's Boy Scout troop; Albert Guindon, about 45, housekeeper and niece of the parish priest, the Rev. Guillaume Chevrier, and Doralise Bechar, 65, who shared a second-floor apartment in the rectory with her sister.

DID NOT FIRE

Police said they did not fire a shot. They said the brothers each had two guns and masks were found in their pockets.

Mass was nearly over when a second housekeeper, Agathe Jensen, rushed into the church and told Father Chevrier two men had broken into the rectory.

Father Chevrier, who was at the front of the church while the Rev. Gerard Therrien was saying Mass, ran down the aisle, followed by Mercier, John Horner, Roger LaCroix and others. LeCroc said later:

"I thought it might be a fire or something, and I got out just behind the others. I just got to the rectory door when I heard the first shot—I guess that's the one that killed Mercier."

The spot where Hoehn brought the plane down without incident is covered with ice about one foot thick.

FREE COFFEE ON TURNPIKE

HARRISBURG (AP)—There'll be free coffee for motorists traveling the Pennsylvania Turnpike between 10 p.m. New Year's Eve and 7 a.m. New Year's Day.

The Turnpike Commission announced this past weekend that the free coffee will be available at any Howard Johnson Restaurant on the toll road.

The coffee is being handed out in an attempt to prevent accidents on what traditionally is a big night of parties for most of the people.

This is the third consecutive year for the program.

Chairman Joseph J. Lawler said the results of the program for the past two years "were more than satisfactory."

Lawler also urged motorists to be extremely safety conscious during the holiday period.

Social Worker Will Be Honored

HARRISBURG (AP)—The Public Welfare Department plans to honor the memory of a Lancaster County social worker who was shot to death almost three months ago while making a case call.

Welfare Secretary Arlin M. Adams announced over the weekend that the department has established the Donald G. Zellner Memorial Scholarship in tribute to the man who was shot last Sept. 25 while working on a case.

Harry Millisack has been charged with the shooting.

The scholarship will provide a tuition and salary for two years of full time study leading to a masters degree in social work, clinical psychology, nursing education, occupational therapy, Physical therapy or psychiatric nursing.

7 ORPHANED SISTERS LOOK TO CHRISTMAS

PHILADELPHIA (AP)—The orphaned Schaefer sisters plan to observe a quiet Christmas together this year.

Right now they just can't wait for their presents.

Thanks to the hard work of their grandmother, Mrs. Kate Schaefer, the girls have pretty much stayed together. Their mother died over two years ago, while giving birth to Georgette, and their father was killed a few months later in a traffic accident.

KEPT TOGETHER

For a time relatives felt the sisters might have to be separated. But the grandmother moved into her son's home and kept the family together.

The infant went to the Philadelphia home of Mrs. Marie Smith, her mother's sister. But she visits frequently with the other Schaefer girls now.

Miss Elizabeth Schaefer, another aunt, helps her mother with the children and says the sisters are "as happy as any little girls can be as they await the presents of Christmas."

Grandmother Schaefer said the girls "are on their way to growing up."

Five of the girls are in school—Eleanor, 12; Linda, 10; Barbara, 9; Marie, 7, and Janice, 6—and Aunt Elizabeth says that "they all get top marks and are doing very well."

There also is Pamela, 4. Eleanor is the only one who remembers her parents clearly and talks about them.

"The others look at the pictures when we bring out the albums, but otherwise no special mention is made," said Elizabeth.

7 LOST WHEN SHIP SINKS

HALIFAX, N.S. (AP)—Eighteen crewmen of the sunken French freighter Douala were plucked from the stormy Atlantic Sunday after spending 27 freezing hours in two lifeboats.

Seven other crewmen died and four, including Capt. Michel Labbe, were missing. The storm—one of the worst to hit Canada in recent years—was blamed for 10 other deaths.

Chief engineer Gabriel Sinesre, 49, expressed belief the captain went down with the 2,300-ton Douala in a howling storm 35 miles southeast of Burgeo, Nfld.

"Our ship was sinking and the captain ordered the second lifeboat to get away," Sinesre said in Port-aux-Basques, Nfld. "The captain stayed on board but the others diverged into the sea. They swam but not all of them were able to get into the boat."

Sinesre and 14 other survivors arrived in Port-aux-Basques Sunday night aboard the Canadian icebreaker Sir Humphrey Gilbert which rescued them after they were spotted by a Royal Canadian Air Force search plane.

\$11,000 BURGLAR

PHILADELPHIA (AP)—Thieves who broke through a wall from an adjoining building made off with \$11,000 from A. Penneck and Sons, Inc., a center city toy store during the weekend.

Joseph Stein, a co-owner of the firm, said the burglary took place some time after the store closed late Saturday night.

Plans Discussed For Medical Center

HERSHEY, Pa. (AP)—The planning committee for the proposed Milton S. Hershey Medical Center discussed the basic operating philosophy and structure of the center at a series of weekend meetings.

Samuel F. Hinkle, a member of the survey committee and president and chairman of Hershey Chocolate Corp., asked the committee to set out to build the new center into an institution which would rate with the best medical schools in the country.

The proposed center is to be operated by the Pennsylvania State University under a \$50 million grant from a 54-year-old trust established by the late chocolate magnate and philanthropist, Milton S. Hershey.

TWO COUPLES FOUND DEAD

ST. PETERSBURG, Fla. (AP)—Two former Coatesville, Pa., couples were found dead Sunday apparently of gas asphyxiation. The dead were Joseph Pierce Zook, 78, his wife Nellie, 72, William S. Jasinsky, 75, and his wife, Alice, 76.

Firemen said a neighbor broke into the Zook home and found the couples. The neighbor said she became worried because she had not seen the Zooks for several days. It was not known how long they had been dead.

SAY INTEREST RATES GOING TO GROW FIRMER

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Interest rate juggling between sections of the nation and between competing savings institutions is bolstering the belief of those who look for general firming of interest after the traditional January lull.

Yields on savings are being raised now to 4.25 per cent or higher by some New York savings banks and some savings and loan associations in Florida. But in California, where the rates are still highest, some savings and loan groups say they'll cut back Jan. 1 from 5 per cent to 4.85 per cent. Most commercial banks are held by federal regulations to 4 per cent.

In New York much of the competition for savings is between different types of institutions. In Florida, and to some extent in New York, the competition is with California where the higher yields have been attracting funds from across the nation — funds which Florida would like to use in its own building program.

HIGHER MORTGAGE RATES

Predictions of generally rising interest rates when the new year is well under way are coming from at least two sources. Chairman William McChesney Martin of the Federal Reserve Board has told Congress that if the federal tax cut is passed and stimulates the economy as hoped for, increased business borrowing will push interest rates up.

The U. S. Savings & Loan League sees a tightening next year in the supply of funds available for mortgage loans. Since it also predicts continued demand for mortgage money, the league looks for the trend toward higher mortgage rates in some parts of the nation, which started late this year, to continue for several more months.

January could see a lull in any movement toward tighter money and higher costs. Business borrows in November and December to finance increased production and to carry larger inventories. In January these loans are normally repaid. The return flow of money into the market makes credit easier and reduces pressure on interest rates.

COULD BE INTERESTING

But if business activity, and construction demand, continues high in coming months, the demand for more funds could tighten the market.

By the same token, if the economy turns down unexpectedly, the Federal Reserve's job would be to ease credit as a possible stimulant, rather than to keep it moderately tight to fend off a runaway boom.

The board is also interested in keeping short-term rates fairly high to discourage an outflow to foreign money markets that would increase any threat to U. S. gold reserves.

Region against institution — it could be an interesting year.

LAUNDERED THE LAKE

BLACKWELL, Okla. (AP)—The city of Blackwell has a \$210,000 laundry bill — for its lake. The city hired a "lake cleaner" to dredge out mud and silt which had built up in Lake Blackwell, the city's water supply. About 1.5 million pounds of silt a day was taken from the lake.

Investigators said the deaths were the apparent result of a leaking gas line which carried fumes from a gas heater back into the house. Firemen said the chimney was clogged with soot and no windows were open.

A Lovelier You

By MARY SUE MILLER
TAKE YOUR PICTURE, LADY?

With Santa bringing all those new cameras, more shutter-bugs than ever will be snapping away

at the holiday festivities. And the art work will be enshrined in all those new albums for sweet remembrance.

Surely no one will deny the pleasure for years to come in a record of happy faces and happy times. So don't be camera shy, even though you are one of those damsels who never takes a good enough picture to find the taking pleasurable.

For snapshots that will preserve, not shatter the memory of you, just follow these Do's and Don'ts:

DO make a point of tidy hair, lipstick and clothes. Any sort of rumple is magnified in filming. DON'T slump during takes; sit and stand tall or your figure will look dumpty. DO turn your body at a slight angle to the camera, then square your shoulders. Take on head on, you will look pounds heavier than you are. DON'T let your hands and feet steal the scene. On camera, they grow in size. Keep feet together or fairly close. Clasp hands well back in your lap for a seated pose; place one hand behind your back and let the other fall relaxed at your side for a standing shot.

DO hold your head high, slightly tilted to one side, the better to enhance the throat and features! DON'T stare, giggle or get caught eating. In pictures those actions appear silly, even ugly. DO smile with your eyes and lips. It's fun you're having. It IS then you know your loveliest self is on the film!

NEW YORK (AP)—Adlai E. Stevenson says he won't seek the Democratic nomination for vice president but he'll run if President Johnson asks him—and if "it was both compatible with my health and any other considerations."

Stevenson, U.S. ambassador to the United Nations, added that Johnson hadn't asked him.

"The President will make his decision as to whom he wants to run for vice president with him probably not until the time of the Democratic convention next August, after the Republicans have selected their ticket," said Stevenson in a television interview (NBC's "Meet the Press").

"So it seems to me totally premature at this time to be speculating about whom he might choose."

SPECTACULAR FIRE IN PHILA.

PHILADELPHIA (AP)—A spectacular fire that broke out on the 15th floor of an office building under construction was not expected to seriously delay the work, according to authorities.

Tanks of propane — a liquid fuel that vaporizes to gas — plunged 15 stories from the top of the new IBM building in center city. Some of the tanks exploded as they fell. Others went off as they struck the pavement. Fiery debris from burning scaffolding also plunged to the pavement.

Fire department officials blamed the fire on the wooden scaffolding ignited by heaters used to dry concrete. The propane was fuel for the heaters. There were about 50 tanks of the fuel on top of the building.

George E. Paul, manager of design and construction for the IBM's real estate division said the fire is not expected to cause any serious delay in work. The \$10 million structure will eventually be 21 stories.

For a while firemen went to the top of the nearby 18-story Transport Building and from there trained hoses on the blaze.

CHRISTMAS IN '76 RECALLED FROM HISTORY

By J. W. DAVIS
WASHINGTON (AP)—One of the finest Christmas presents America ever received was the gift of a ragged and cold little band of fighting men.

The gift is immortalized in a famous painting in the Capitol.

It was George Washington's crossing of the Delaware River on Christmas night of 1776. The surprise maneuver, winning over frightful handicaps, led to the rout of Hessian troops at the Battle of Trenton and was a major turning point in the War for Independence.

HOPE AT LOW EBB

So it might be appropriate now, as the nation peacefully celebrates another Christmas, to recall once again how those early patriots fought to secure for all Americans the right to life, liberty and the pursuit of happiness.

A few days before the crossing, Washington had written

that "I fear the game is nearly up." Many of his men had gone home discouraged. Those who remained, about 2,500, were poorly clothed. Some had no shoes.

The passage of the river was a bitter, tough job through floating ice, on ore barges and small boats. Ashore, the Americans had to march through snow and sleet but all that, Washington wrote later, "did not in the least abate their ardor."

HESSIANS SCATTERED

"When they came to the charge each seemed to vie with the other in pressing forward."

The charge was along two roads. It scattered Hessian outposts and burst upon the main enemy body before it could form effectively.

The Hessian general was mortally wounded, his men had no way open to retreat and they quickly surrendered.

From the standpoint of numbers involved, the fight was hardly more than a skirmish. Washington's little force captured about 950 prisoners. The Hessian dead were estimated at between 20 and 30. American casualties were four wounded.

FOOTNOTE TO HISTORY

SOUTH IS HIT BY HEAVIEST SNOW IN YEARS

By THE ASSOCIATED PRESS
A fast-moving early winter storm dumped the heaviest snowfalls of the century in some Southern states swept across broad areas in the eastern section of the nation today.

The pre-Christmas storm, fanned by gusty winds, disrupted air and highway travel, created hazardous driving conditions and inconvenienced millions.

The storm, on the first full day of winter, left amounts up to 16 inches in western and southwestern Virginia and up to 8 inches in the New York metropolitan area. It hammered most of the northern half of the Atlantic coastal region and other Eastern areas after sweeping across Southern states.

SLEET, RAIN

The snow, followed by sleet and freezing rain in many Eastern areas, was blamed for at least 15 deaths, mostly in traffic accidents on icy and snow-covered highways, exposure from cold and heart attacks induced by over-exertion.

THREE NAMED BENEFICIARIES OF JFK ESTATE

BOSTON (AP)—The will of assassinated President John F. Kennedy names his widow, Jacqueline, and their children as primary beneficiaries.

The will, on file today in Suffolk County Probate Court, gave no estimate of the size of the estate.

The document was signed June 18, 1954, before the birth of either Caroline, 6, or John Jr., 3.

Atty. Gen. Robert F. Kennedy, Sen. Edward M. Kennedy, D-Mass., the late President's brothers, and his widow were named executors and trustees.

Mrs. Kennedy is given an in-

terial bequest of \$25,000 and the will directs that after that bequest is made, the estate be divided into two equal shares.

One trust fund is to be set up for Mrs. Kennedy, another for the children.

Portions of the principal may be paid to the three primary beneficiaries. An amount not to exceed 10 per cent of the value at the start of any calendar year may be paid to Mrs. Kennedy. Up to 20 per cent of the value of their portion may be paid to the children.

The trust for the Kennedy children provides for them to assume control at the age of 21.

TO BE ADVERTISED

The will must be advertised for three weeks, when a hearing will be held in Probate Court. It was placed on file Monday, the day after the close of the national mourning period for the late President.

The Hessians probably didn't have their heart in the battle. They were only payroll soldiers, hired by the English king, not free men fighting for a cause.

parts of the Southland, notably across the snow-covered regions in Tennessee and Kentucky. The mercury plunged to 12 below zero in Memphis, Tenn., a record low for the city, which is covered by 15 inches of snow, the heaviest amount of the century.

TRAVEL DANGEROUS

Highway travel in the South was extremely dangerous on ice-covered highways. State troopers allowed only vehicles with snow tires and chains to travel on highways between Alabama and Tennessee, north Georgia and north Mississippi.

A white Christmas was assured for vast areas in the eastern two-thirds of the nation.

The snow, after whipping across the South and Midwest sections Sunday, swept northward along the Atlantic Coast, into New England and inward to the eastern Great Lakes region.

WORKERS QUIT EARLY

The six-inch snowfall at the National Airport in Washington was the heaviest since Feb. 8, 1961. Government workers were dismissed two hours early because of the storm. In many other cities workers in government offices and business firms also were allowed to go home early.

Generally clear weather was reported from the Mississippi River to the Pacific Coast. Temperatures generally moderated to seasonal levels in most of the area.

Blizzard From South Dumps Foot Of Snow In This State

By LEE LINDER
Associated Press Writer

A crippling storm, sweeping up from the south Monday, dumped up to a foot of snow over most of Pennsylvania. By early today it had left practically everybody unhappy except the kids.

It meant a white Christmas and a good workout for sleds and skis. But for motorists and the householder who had to clear his driveway and sidewalk it was a futile battle against the elements.

The snow fell so quickly all over the Keystone State that snowplows and cinder crews couldn't keep pace in the hectic battle to keep, at least, main thoroughfares open.

TRAFFIC SLOWED

The Pennsylvania Turnpike slowed to a crawl from end to end.

In the big cities, Philadelphia particularly, harried motorists took three and four hours for a normal 45-minute drive home.

Gov. William W. Scranton gave state employees part of Monday afternoon off—and shut all offices today. Hundreds of businesses and factories also sent home workers earlier in the effort to beat the storm.

In southeastern Pennsylvania the snow turned to rain and then froze the slush to the roadbed as temperatures dropped into the low 20's.

AIRPORTS SHUT DOWN

Motorists caught unprepared, without snow tires or chains, were forced to abandon stalled and stuck vehicles, sometimes smacked in the middle of the highway. This further frustrated the police, and highway crews.

Philadelphia's International Airport, where President Johnson is scheduled to jet in this morning from Washington to attend the funeral of Congressman William J. Green, Jr., long-time powerful Philadelphia Democratic leader, was shut down Monday night for some hours.

Other airfields across the state also closed.

The storm upset travel plans

of many people trying to make an early start to visit relatives or friends over the long Christmas holiday weekend.

Six tractor-trailer rigs became snarled in a traffic jam on the Pennsylvania Turnpike near Bedford in the West. Traffic stalled for a time before police opened westbound lanes, after detouring some cars and trucks through Route 30 around Breezewood.

Glen Stallard, chief of the U.S. Weather Bureau in Philadelphia said the snow developed from two storm systems—one over the Gulf of Mexico and the other along the North Carolina Coast. They whistled in from Dixie, covering sections of the south with the heaviest snowfall in more than 100 years.

10 INCHES IN SOMERSET

In the Keystone State, the heaviest accumulation was in the west where it ranged more than a foot, particularly in mountain and hilly areas.

Somerset and Bedford counties, still trying to clean up from last week's pre-winter storm, got up to 10 inches more. And Cambria and Indiana counties measured eight inches.

In Johnstown the fall was six inches, and Mayor George R. Walter, harassed over traffic jams, warned that motorists face stiff fines if they enter the city without chains or snow tires.

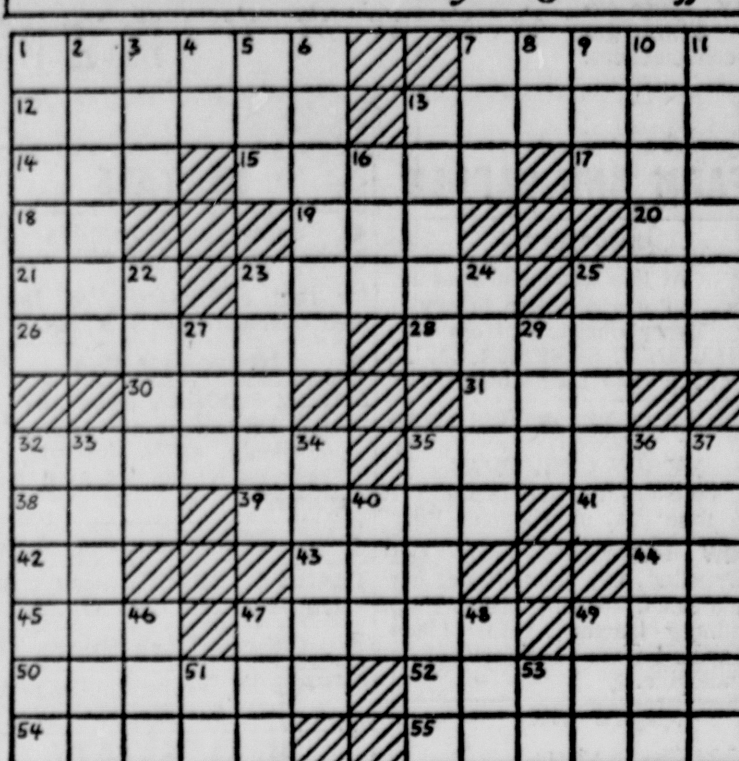

WARNING GAVE ALERT

The Philadelphia accumulation was around eight inches, with a couple more added to that in surrounding southeastern Pennsylvania suburbs.

Clearing skies today, with colder temperatures, wasn't expected to make much of a dent in the mounds of snow, although highway crews were expected to be able to open all main and secondary roads.

The advance storm warning Sunday night apparently helped to alert thousands of metropolitan area commuters. Many left their cars at home and took trains and buses into the city. But public transit firms report-

STATE PILOT AIDED RESCUE OF SURVIVORS

TORREJON AIR BASE, Spain (AP)—First Lt. Kenneth O. Hoffman, of Annville, Pa. commanded one of the U.S. Air Force C54 rescue planes which rushed to help survivors of the Greek liner Lakonia.

Hoffman said they were ordered to the disaster scene off Africa's northwest coast from Lajes Base in the Azores at 3 a.m. (10 p.m. EST., Sunday). They dropped liferafts on the scene and returned to this joint U.S.-Spanish air base.

DROPPED RAFTS

"We contacted the burning Lakonia at 7:02 a.m.," Hoffman said. "Flying at an altitude ranging from 100 to 300 feet we dropped seven individual rafts and seven collective ones, each capable of holding six persons. These had aboard a portable radio transmitter and some blankets. We dropped them to groups of survivors who were seen by us desperately fighting against the seas near the Lakonia. Many were seen swimming around the ill-fated vessel."

"Four other vessels were sighted trying to approach the Lakonia. We contacted by radio the British ship Montcalm, which reported it had picked up 150 survivors but that it was standing by because there were many more who were waiting to be picked up."

CALM SEA

"The sea was calm and the wind speed between five and seven knots."

"The ship appeared listing some 10 degrees and was in

he added he thought the women, covering White House events, were as good as the men reporters and sometimes better and he wanted their bosses to know it.

flames except on the right side of the stern. We overflew the Lakonia for five hours and 50 minutes. When we left, the ship was still afloat and completely in flames. Unless other explosion occurs aboard it would be able to remain afloat for several more hours.

"When we left the spot most of the passengers had already left the ship and had been picked up by vessels standing by."

"Planes overflying the Lakonia totaled six—four from the Lajes base and two British."

He was the son of Justus C. Strawbridge who founded the business with Isaac H. Clothier in 1868.

Strawbridge, an accomplished horseman, for years was a member of the West Chester polo team and once served on the executive committee of the National Polo Association.

LBJ SAYS IKE LEFT ADVICE IN LONG MEMO

By FRANCES LEWINE
WASHINGTON (AP)—President Johnson, in some personal revelations of life as chief executive, reports he got advice and suggestions in a long memo from former President Dwight D. Eisenhower.

Leading another of his impromptu and expansive goodwill tours of the White House Monday night, Johnson told a four-some of women reporters that Eisenhower sat down for 2½ hours the day after John F. Kennedy's assassination to help Johnson with his ideas.

EISENHOWER RATES

He said Eisenhower wrote in longhand on sheets of long yellow legal pad paper and then dictated in the Executive Office Building after having paid his respects with top officials who came to view Kennedy's coffin in the East Room of the White House.

"Some things I said to the joint session (of Congress) he suggested," Johnson said.

In a Christmas party mood after entertaining members of Congress at the White House Monday night, Johnson called back the four reporters to pose

for pictures with him and his wife on a curving marble staircase, and then launched them on a 45-minute tour. It went through the Flower Room, the swimming pool where he said he tries to take twice-daily dips, and his oval office where he said the president is called on to sign some 700 documents a day.

FEELS GOOD

Although he said he had only one hour's sleep the night before, mulling over problems of his office, and had missed lunch except for a glass of diet drink, Johnson declared "I never felt better in my life."

He said he has trimmed down from 226 pounds to 205 and felt he was in "perfect condition."

Johnson, walking from the formal rooms of the White House, back to his office in the west wing, took the reporters along, pausing to show them sights along the way and carrying much chit-chat about his new life and his philosophy of the office. Many of his remarks he placed "off the record."

AUTOGRAPHS PHOTOS

Johnson ended his impromptu and friendly discourse by sitting down at his office desk and autographing pictures of his family for the four reporters—Isabelle Shelton of the Washington Evening Star, Dorothy McCordle of the Washington Post, radio-TV news writer Hazel Markel, and Frances Lewing of The Associated Press.

He said he wanted to give women reporters a break. And

ed no serious delays.

MAIL WENT THROUGH

While many places sent workers home early, this wasn't the case in the post office, already beleaguered by one of the heaviest Christmas mails in history.

Postmaster Anthony I. Lambert in Philadelphia refused a request of one postal union for an early closing.

"We still have Christmas mail to distribute and we want to get it out by Tuesday," he said.

"Streets are still walkable." Neither rain, nor snow, nor sleet—and all this was around—deterred the postal worker from his duties.

The mail got through.
